It would be obvious to a person skilled in the art of the technical field in question to attempt to configure a coated preparation with a coating layer that comprises a pharmaceutical component and a base agent for a coating, which is a well-known dosage form as disclosed in documents 4 to 7, from pioglitazones, which are well-known pharmaceutical substances as disclosed in documents 1 to 3. In addition, it would not be especially difficult

Box No. V	Reasoned statement under Article 35(2) with regard to novelty, inventive step or industrial applicability; citations and explanations supporting such statement
